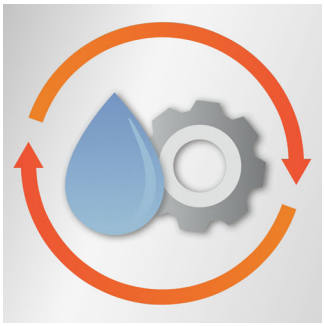
Highlights

Intuitive interface

Thanks to our Memo function, pressing a button is all you'll need to do to enjoy a superb beverage choosing the amount you like.

Circuit rinsing



We designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine

Fresh milk foam

It dispenses steam and you simply need to immerse it in the milk to prepare gorgeous milk foam.

Adjustable grinder

Our heating boiler technology is super-fast, so you don't have to wait to brew one coffee beverage after another.

Removable brewing group

The brewing group is easily accessible from the side. You can remove it effortlessly for easily cleaning by rinsing under the tap ensuring maximum hygiene.

Dishwasher-safe

The drip tray and servings container fit comfortably in your dishwasher, making them super easy to clean.

Quick heat boiler

Our heating boiler technology is super-fast, so you don't have to wait to brew one coffee after another - be it a cappuccino or espresso.
